The Empyrean Reading Order with Bonus Chapters

READING ORDER · NERDZ.CLOUD/READING

The Empyrean has exactly three official bonus chapters, all from Fourth Wing and all in Xaden's head: chapter 9 (the first sparring match), chapter 16 (just after Threshing) and chapter 27 (the Montserrat Battle Brief). Each retells its chapter, so read it right after that chapter and not before. Threshing Day is a book of thirteen Threshing stories set years before Fourth Wing, but it is framed from after Onyx Storm and carries spoilers — Entangled's own advice is to read it after Onyx Storm, and that is where it sits here. No bonus chapters exist for Iron Flame or Onyx Storm; the Iron Flame chapter 35 Xaden scene teased in July 2025 has never been released. Book 4 is untitled with no date.
