

Sorrow and Starlight & Beyond the Veil Tandem Read

Beyond the Veil tells what happens among the dead while Sorrow and Starlight unfolds, so fans read them interleaved: mostly one Beyond the Veil chapter between runs of Sorrow and Starlight. Two pairs are read out of order on purpose (15 before 14, 24 before 23). Heads up: the authors' own advice is to read Beyond the Veil after book 8, so this is a fan way to read it — on a first read, the main Solaria path keeps them separate.
